## SUMMER STUDY ABROAD PROGRAM

Students in the Business in Portugal and Spain program study in Lisbon, Málaga, and Barcelona—all centers of business and industry as well as of great cultural and historical importance. Through the prisms of organizational behavior, operations management, and business ethics, students have the opportunity to view business concepts with a global perspective. In Lisbon, one of the oldest cities in the world and the oldest in Western Europe, students will view its prominence in commerce, international trade, arts, and tourism. Program activities enrich the students' academic learning, cultural and historical understandings, as well as personal growth. Recent examples include: San Miguel Brewery and City Market in Málaga; Zara, Freixenet, and Sagrada Familia in Barcelona.
