### SUMMER STUDY ABROAD PROGRAM

As the cradle of the Italian Renaissance, Florence is one of the great cultural cities of the world. Nestled in the heart of Tuscany, this beautiful city rose to prominence during the Middle Ages and Renaissance. Powered by its immense wealth, Florence produced an extraordinary burst of achievement in art, architecture, and literature that permanently changed the course of Western civilization. The program will emphasize the richness of the culture of Italy and specifically Florence, bringing together the city's art, history, and diversity while utilizing children's and young adult literature for a rich interdisciplinary approach. Students will visit a variety of museums, galleries, churches, bookstores, and other historically significant sites in order to examine and understand this intriguing city and culture.
