SPRING 2019

Studies in Design and Entrepreneurship in China

The Studies in Design and Entrepreneurship in China minor is a brand-new minor opportunity that is only available to students studying at the China Institute. This unique minor program will provide students with an interdisciplinary educational lens to explore China from the perspectives of art, philosophy, sociology, business and design. All students from all units are eligible to take this minor and there are no pre-requisites for the courses.

The courses included in this minor are (starred above in course listing):

- SSC 200: Social Science Integrated – Socioeconomic Change in China
 - PHL 320: Philosophy and Art
 - MGT 318: Fundamentals of New Venture Creation
 - EGR 299: Engineering Innovation and Design
-
1. Always speak to your academic adviser before applying for an education abroad program. Visit catalog.udayton.edu for course descriptions and pre-requisite or co-requisite requirements. **Courses may be subject to change.**
 2. UDI 148 is mandatory for all students requiring a visa to study abroad in China.
 3. The School of Business Administration is AACSB accredited.
 4. 300 level courses for non-business majors only.
 5. The School of Engineering is ABET accredited.
