## SUMMER STUDY ABROAD PROGRAM

Come explore The Emerald Isle with fellow Flyers! Choose from three courses exploring the rich history, traditions, culture, and beauty of the Irish countryside and vibrant city life. Choosing from three CAP courses in communication, religious studies, and anthropology will give students the chance to examine communities in Ireland throughout the ages with a particular focus on dynamics of faith, identity, politics, and social action over time. The global cities of Dublin and Belfast along with lesser-trod paths in rural communities and retreat centers will be our living classrooms as they are laden with history, rich in diversity, but also fraught with conflict centered on cultural and religious identities. Together, faculty and students will deeply explore multiple and diverse sites in the Emerald Isle.
