SUMMER STUDY ABROAD PROGRAM

Students will choose from engaging coursework in international mass media, video production, and international public relations while studying in Prague, one of Europe's most vibrant and popular cities.

All courses will draw on the context of Central and Eastern Europe while also teaching overarching principles of the subject. Field trips, guest speakers, and site visits will help familiarize students with Czech culture, as well as provide learning in their subject areas. Tentative activities include visits to a local language newspaper, a film studio, the American Center of the U.S. Embassy, a day trip to Kutná Hora and an overnight excursion to **Poland**.

This program is a great opportunity for students to study, live, and explore beyond the more familiar mainstream western European countries for an unforgettable experience.
