SUMMER STUDY ABROAD PROGRAM

Studying in Rome affords students the chance to immerse themselves in a unique, historical, and global culture while simultaneously completing coursework that emphasizes various international aspects of business. Known as the “Eternal City,” Rome serves as an enduring center of civilization: the vast ancient Roman Empire; center of the Catholic faith; and a global crossroads for cultural and business exchange.

Students will have the opportunity to learn about historical and contemporary communities and business practices in Italy through topics in organizational behavior, history, and ethics— all elements designed to contribute to the understanding of future professional roles in an increasingly global marketplace. This study abroad program will engage with various Italian sites to enrich course materials and the academic experience.
